November, 2016

A Message From Your President

Since CCAT established it's non profit status June of 2016 we have been very busy learning the ropes on Cat Relocation.

And with excitement, I can now say that we have launched our own Barn Cat relocation program and continue to trap, neuter and release.

Another milestone of mine was to get CCAT online. Having an online presence will greatly improve how we can help the cat community and our programs.

- Connie Rios-Schellenger

Great Mews! We Have A Website!

———— calicat.org ————

CCAT is now online, and we look forward to you checking in. More importantly signing up for online newsletters. By doing so information is readily available 24/7.

Just meander on over to calicat.org, or if you like, calistogacatactionteam.org to see what we are up to.

Expect a biannual mailer from time to time. Our biggest demands are volunteers and donations, without these we would not be able to continue helping the homeless and feral cats in our cat community.

Networking 101

Networking with other Non Profit animal rescue groups, in the area, has been a fantastic course of action. We now have working relationships with Petaluma Animal Shelter, Forgotten Felines of Sonoma and Jameson Animal Rescue Ranch.

Our thanks to Petaluma Animal Shelter for their recent effort in helping us relocate a colony cat into barn relocation. In addition, they have taken a few other local abandoned cats into their program.

Upcoming Events

CCAT will be hosting it's first **Silent Auction** this Spring. We will be announcing the date, time, and place on our Website.

The event will be limited to 50 guests. Tickets, for the event, will be available on our website as we get closer to Spring season.

So keep an eye out for a CCAT flyer, and on our website, for information.

Current Events

Our barn relocations include one to Knights Valley and two at Maple Lane.

By recommendation, CCAT rescued two kitties from behind U.A. Local 343 Vallejo. The cats were transported to Petaluma Animal Rescue for adoption.

Spayed and neutered four ferals from a local winery colony.

Thanks to CCAT, WHIRCO and Fred Vogel we have now installed a heating and cooling unit at the Jameson Animal Rescue Ranch kitty barn.
